Digest of United States Supreme Court Reports

THIS new Digest, of which the editorial work is now practically finished, is the fruit of twenty-five years' experience in making Digests for this particular set. This, the latest, has been four years in preparation and is the most expensive single piece of work we ever did. Our experience in this particular field and our reputation for thorough work in all lines of legal publishing give you the best possible guarantee that this Digest will be absolutely satisfactory.

One Feature Worth the Whole Cost

After every paragraph we give a citation note referring you to every case, state and federal, which has cited that decision. Here is an example from one of the paragraphs under the title of "Commerce." Just examine these citations and consider how valuable such a note would be in opening new lines of investigation. Send for sample pages.

This Digest contains not one superfluous word, yet it does contain all that any Digest of U. S. Reports could, properly.

Those who order now will not only get the benefit of a special advance price of \$6.00 per volume but a guarantee that they will not have to pay for the completed work more than \$36.00 delivered.

Order subject to countermand by you within 30 days after receipt of volume one.

Positively the price will be raised after publication to \$7.50 a volume, delivered.

THE AMERICAN AND ENGLISH ANNOTATED CASES

is a new series of important current Reports that has met with the immediate favor of the Bench and Bar of the United States and Canada.

The Cases

Two hundred and fifty cases are reported in full in each volume.

The American cases include the decisions of both the *state and federal* courts.

The strong *English and Canadian* courts are represented by those cases which are of value to the American lawyer.

Each case is selected with an eye single to its importance and the strength of the opinion.

The cases are selected solely from the *official reports*, and the official citation is always given.

The pagination of the *official report*, is preserved throughout the opinions for purposes of citation.

The Notes

Every case is annotated.

The notes are to *fine points*, like those you brief in your practice.

They are written by experts, lawyers who have spent years in learning how to find authorities.

They are *helpful notes*, because they present compactly all the decisions in point, weigh authorities, and give the reason of the law.

The notes are *not monographs* nor are they mere *digests* of special subjects.

They are thorough. The notes in a single volume consider and state the law of about sixteen thousand cases.

The average of 16,000 citations of cases in the notes to each volume is an average of 64 to each of the 250 reported cases the volume contains. This means that an experienced law writer has searched for and read that number of cases for the point under discussion in the note he is writing and that it has taken him on an average of over three days' hard work to do it, and all this expert labor, including a fully reported case, you receive for *Two Cents*.

The *Cumulative Index* to the notes, which is printed in every volume, enables you to find any note in the series by consulting but one alphabet.

The *American and English Annotated Cases* is published by subscription, four royal octavo volumes annually. Price Five Dollars per volume, delivered.

Can you afford to delay longer placing in your library this valuable set of selected Reports?

FROST'S AUTHORITATIVE WORK
ON
**INCORPORATION
AND ORGANIZATION OF
CORPORATIONS**

FROST ON INCORPORATION, the standard work on this important subject, has now reached its **third edition**. In revising the work up to the present year the author, THOMAS GOLD FROST, General Counsel of the National Incorporating Company, **has added some two hundred additional pages of closely printed type, giving the latest and fullest information and forms, and has increased the citations by adding two hundred cases, making the total about twenty-five hundred.**

Part II of the work, the **SYNOPSIS-DIGEST OF THE INCORPORATION ACTS OF THE SEVERAL STATES AND TERRITORIES, has been thoroughly revised, the additions amounting to eighty-six pages.**

Part III, **FORMS AND PRECEDENTS, a valuable feature which may be said to make the work almost indispensable, has been radically reconstructed and many new and important forms have been inserted, the additions amounting to one hundred and thirty-five pages, including general forms for amending charters under the laws of the various states, together with forms for dissolution proceedings, complete forms for securing permits for foreign corporations in all the states and territories of the Union, fifty additional general forms, and a number of special forms of importance, including the By-Laws of the American Steel Company.
